Rate of telephone services

† 2980. SHRI RAJIV RANJAN SINGH 'LALAN':
SHRI RAM JETHMALANI:

Will the Minister of COMMUNICATIONS AND INFORMATION TECHNOLOGY be pleased to state:

(b) whether it is a fact that the rates of different telephone services in Russia, America, Pakistan, Sri Lanka etc. are lesser than in India;

(c) if so, the average per-minute rates of mobile as well as basic telephone services in the above countries; and

(d) the rates of mobile as well as basic telephone services in India during the first few months of 2003?

THE MINISTER OF STATE IN THE MINISTRY OF COMMUNICATIONS AND INFORMATION TECHNOLOGY (SHRIMATI SUMITRA MAHAJAN): (a) and (b) Comparison of national telecom tariffs with other countries is possible in a single-operator and single-tariff regime. In the multi-operator regime available in different countries, it is not possible to compare the basic and mobile telephone tariffs available in India with those of other countries as a large number of tariff packages are on offer by different operators. Even individual operators offer different tariff packages. Comparison is also difficult because of the varying exchange rates, differences in purchasing power and different teledensities of different countries.

(c) (i) The Telecom Regulatory Authority of India (TRAI) has announced its forbearance in respect of cellular mobile tariffs, and service providers are permitted to offer alternative tariff plans with various combinations of pulse rates, airtime rates and rental according to the usage pattern of subscribers and the market situation. There is a stipultion to operators to offer a Reference Tariff Package (RTP), a standard, which has to be available to customers at all times. In addition, they can offer variations on that. The tariff reported to TRAI by cellular service providers in the Reference Tariff Package (RTP) is given in Statement-I (See below).

(ii) The Standard Tariff Plan declared by TRAI for basic telephone services in India is given in enclosed Statement-ll.

† Original notice of the question was received in Hindi.

Statement-I

Tariff reported to TRAI by Cellular service providers in Reference to Tariff Package
(As on 1st October, 2002)
